Required Documentation and Special Conditions for Credit for Certification or Licensure

All certifications must include the student's legal name and date of certification

[1] Certification must be current (unexpired) and the copy must include the front and back, if applicable.

[2] Advanced standing credit for EMS 111 & 120 may not be used to satisfy the requirements for the EMT career studies certificate.

[3] Students presenting Emergency Medical Services (EMS) certifications will be required to provide copies of their certifications to Enrollment Services, as well as to the Fire and EMS Education Department prior to enrollment.

[4] Students entering the Emergency Medical Services Education Program with current EMS certifications must meet the Fire and EMS Education Department's current policies and procedures for advanced standing entry and course credit award. For additional information regarding the current Department policies and procedures, please contact the Health Professions Division via email at healthprofessions@tncc.edu.
